

The Simplest Way to Begin STARTER KITS

Quick Back Drop Package

This “starter” package provides an 8' high portable back wall, which can result in a unit ranging from 6'–20' in length. Ideal for sites that are “testing the water” on using pipe and drape, or for locations with one-time or infrequent needs.

Includes:

- Three base plates
- Three 8' uprights
- Six panels of high quality Premier drape.
- Two adjustable drape support rods

Adjustable Height Drape Package

Create a freestanding “wall” at any height between 9–16 feet—with no stops or detents to prevent you from making any height you desire. Features our Premier drape fabric. A single package will cover 7–12 feet in floor width; combine multiple packages to cover any floor width desired.

Includes:

- Two adjustable uprights, 9'–16'
- One telescopic drape support, 7'–12'
- Two 18" × 18" bases
- Four Premier drapes, 60" × 16'
